**MURDERED GIRL  
DRAGGED FROM  
LAKE WATERS  
AT URBITA**

**Deputies Start On Hunt For  
Slayer of Beautiful  
Young Woman**

SAN BERNARDINO, Nov. 20.—Believed to have been slain and thrown into the water, the body of a young woman was found floating in the Urbita lake near San Bernardino late last night.

The body was discovered by Mrs. A. Carter of Urbita as she walked about the lake on a small footpath. She told the police she saw a shadow on the water and then discerned something white that appeared to be floating. She reached down and was startled to feel hair. Calling help she assisted in pulling the body out.

**Believe Man Responsible**

After examining the body in the Shaw undertaking parlors at San Bernardino early today, Sheriff J. L. McMinn said:

"This girl has met her death through the coquetry of some man."

McMinn immediately detailed deputy sheriffs to the case.

The dead girl was apparently about 24 years of age and exceedingly attractive. She had dark brown hair, weighs about 140 pounds and was about five feet tall.

**Girl a Stranger**

She wore a green undershirt, black skirt and blue waist.

As no girl of that description lives in the vicinity it is believed possible that she accompanied a man to the park, was attacked and slain.

The body, the sheriff says, had been in the water only a short time when discovered.

**BURGLARS FLEE  
AS BOY ENTERS  
SIDE DOOR**

By returning to his home at 108 South Main street early last night, Roscoe White, grandson of Mrs. R. H. English, wife of the former street superintendent, put two burglars to flight and prevented a quantity of jewelry and other articles from being stolen.

Mrs. English was away from her home until about 8 o'clock yesterday evening. Her grandson knew that she was intending to be away. When the boy entered by a side door and noticed the glimmer of a light in his grandmother's bedroom he supposed that she had not yet gone. The boy placed a book on the library table and left.

When Mrs. English came home she found her bedroom in confusion. Bureaus had been ransacked and articles were scattered helter skelter. A suitcase, which had been taken from a shelf, was found on the bed, open and ready to receive the loot the thieves were preparing to carry away when they were surprised by the unlooked-for return of Roscoe White.

The burglars cut the kitchen and pantry screens to get into the house.

BELLHOPS: GETS

Nishida of Alhambra. The shooting occurred at the cottage of Y. Hasegawa, a cousin of the woman. Miss Araki is said to have broken an engagement with Nishida recently on account of infatuation for O. Kodani. Nishida found the two together today and fired three bullets into the woman's body. He escaped. She was brought to the California hospital.

**50,000 Frenzied Rooters Are  
Wild As Yale Tumbles

By FRED S. FERGUSON.  
(United Press Staff.)  
CAMBRIDGE, Nov. 20.—Harvard beat Yale 41 to 0.

Fumbles weakened Yale's attack. Yale lost the ball repeatedly near the Harvard goal.

Mahan outkicked Guernsey, the Yale fullback.

The crowd is estimated at 50,000.

**FIRST QUARTER**

Guernsey kicked off to Boles. Mahan returned the kick. Bingham of Yale fumbled inside Harvard's 25-yard line. Mahan punted out of danger. Bingham fumbled again.

Harte of Harvard grabbed the ball and ran twenty-five yards for a touchdown. Mahan missed the goal.

Harvard ripped Yale repeatedly. Mahan circled right end for a touchdown. He kicked the goal.

**SECOND PERIOD**

A 50,000 attendance was believed likely.

**ECHO OF BOLLINGER  
CASE HERE; BABY IS  
OPERATED ON, LIVES**

**Local Surgeons Offer Proof  
That Chicago Surgeons  
Were Wrong**

By performing an operation on a deformed and defective infant here three weeks ago and because the child is recovering from the operation, local surgeons are of the opinion that they have vindicated their belief that the Chicago surgeons who permitted Mrs. Anna Bollinger's baby to die of inertia, did not take the right course.

The local baby, the names of whose parents are withheld by the physicians, was operated upon for the same condition which the Chicago surgeons refused to attempt to relieve in the Bollinger child.

Aside from deformities of its arms and hands the local infant appears to be normal and, as far as the doctors can ascertain, will grow up as ordinary children do.

Santa Ana doctors do not believe in euthanasia. They assert that deformed infants here are given every possible aid. They say they have saved the lives of numbers of defective infants.

**DISCOVER NUDE BODY  
IN FLOATING TRUNK**

PORTLAND, Ore., Nov. 20.—An old trunk picked up in the Willamette river and revealing when opened the body of a man, who had been stripped of his clothes, is puzzling the police today.

The identity of the dead man is unknown. The body was turned face downward in the trunk and the hat, coat and a few other effects had been carefully laid on the tray.

When the body was taken from the trunk by the coroner it was discovered the man had a deep gash in his head. Around his neck were welts as if from a cord or rope.

There were evidences that the man had been dead several days, but it appeared the body had only recently been placed in the trunk.

Later today the police found a blood-soaked bed where the man was murdered. A rooming-house landlady said that two men rented a room from her Monday. She described the supposed murderers. She heard no strange sounds.

Found With Bullet  
Through Brain**

What prompted Alonzo L. Bolman to send a bullet crashing into his brain at 5 o'clock yesterday afternoon on the Fullerton Great Western lease is today expected to remain forever hidden along with the suicide mysteries which arise every now and then to baffle investigators.

Bolman's corpse was found by R. D. Stone of Fullerton, employed on the Great Western lease. Beside the body was found the revolver with which the self-slayer had ended his life.

It is known that Bolman had been separated from his wife for some time. He lived alone in a house on the oil lease. The wife lives at Olinda.

Today it was learned that Bolman recently killed some property to his sister, Mrs. A. F. Kerns, who lives at Garden Grove.

Whether Bolman sought death as a result of estrangement from his wife, whether he was discouraged as a result of ill health or money troubles, these and other surmises are being made today by his friends on the oil lease.

It is stated that the suicide was about 40 years of age.

## MISSIONARY NOW IN KOREA COMING HOME

Will Probably Rent House At  
Tustin Some Time  
In Spring

A meeting of the missionary society of the Presbyterian Church was held Thursday afternoon at the church.

The meeting was small in attendance but a good many interesting questions came up for discussion.

A message from Mrs. Sadie Welborn, a missionary who went from this vicinity some years ago to Audon, Korea. She is coming home on a furlough in the spring and wishes to rent a house in Tustin and make her home here during her stay in this country.

The matter of a thank offering meeting was presented by Mrs. W. S. McDougal and Mrs. S. E. Tingley was appointed to arrange it.

Mrs. H. A. Allen spoke of the mission study book, "The King's Highway" and of an interesting experi-

tion of the book given by the author, Mrs. Snow. Mrs. Allen was asked to secure Mrs. Snow if possible to speak at the thank offering meeting.

Mrs. A. D. Turner and Mrs. F. T. Preble were appointed to arrange some details in connection with the musicale to be given at Mrs. Jas. S. Rice's home on November 26.

Mrs. G. W. Pollard gave an interesting report of the Presbyterian meeting held in Los Angeles on the first Monday in November.

An enjoyable number on the program was a piano medley of beautiful old sacred tunes played by Mrs. P. H. Ebel.

The topic for the meeting was "Mexico," and the leaders were Mrs. A. D. Turner and Mrs. Chas. White. Mrs. Tingley introduced the subject by reading a fine descriptive piece from one of the current magazines and this was followed by missionary reports by Mrs. White of the progress of religious work and some of the difficulties on account of the war conditions in Mexico.

### GIVEN SURPRISE

Those who attended the prayer meeting at the Presbyterian Church Thursday night, after a half hour's study of the Sunday school lesson and other prayerful exercises closed, were cordially invited by the pastor to go over to the new manse. The pastor and his family had moved into the handsome new home this week. Mrs. McDougal had just finished putting cain curtains to the beautiful casement windows and the pretty fireplace in the den was piled ready to light a cheerful fire. The soft indirect lights were turned on and revealed handsome new rugs and furniture to match a light brown woodwork in the wide sitting room, den and dining room. A new piano had also been added to the sitting room. The fireplace had never been tried and everybody gathered around with much interest to see its first blaze.

Red and yellow apples were passed around the company and when the fire was successfully blazing a dish of marshmallows was brought in with some nice long wire toasting forks. The marshmallows were deliciously toasted and eaten by some while others tried the new piano. The informal gathering proved to be very enjoyable.

On Wednesday night, December 8, a general house warming will be held at the manse.

### RICES GIVE MUSICAL

At a meeting of the Ebel Club at Beaumont last Tuesday afternoon the musical program was given by Mrs. James S. Rice, Mr. and Mrs. James Willis Rice and Percy Rice. The party was entertained by Miss Marjorie Bolton, president of the club at Beaumont.

There was a large gathering of the club members, as many of the Banning ladies had accepted an invitation to attend.

The Tustin party also greatly enjoyed a glorious ride over the beautiful Beaumont and Banning district before their return home.

### LITERATEURS MEET

The members of the Tustin Literature Section held their regular meeting Wednesday afternoon at the home of Mrs. Stutsman.

An unusually full attendance, including several guests, made the meeting particularly enjoyable socially. Interesting current events were given in response to the roll call. Articles from the Literary Digest were read and discussed.

During the social time which followed business and study, Mrs. Stutsman was assisted in serving delicious refreshments by Mrs. A. Stutsman, Miss Carrie Stutsman and a charming little granddaughter, Marian.

### LECTURE POPULAR

The first lecture in the Tustin lecture courses was well attended last Saturday night.

The musical numbers and the rapid-fire cartoons were much appreciated and enjoyed. There seems to be a growing conviction, however, in the minds of a good many that there is a defect in the acoustic properties of the auditorium when it comes to interpreting readings. The strain on the speaker's voice at times strikes the audience as being painful, and some persons have suggested that this can be accounted for by the fact that the stage is left open at the top. If this is the case the defect can probably be remedied easily and made all right before the next entertainment on December 15.

### MUSICALE NOVEMBER 26

The date of the musicale to be given at the James S. Rice home has been definitely decided upon as next Friday night, November 26, although several changes have been made on account of conflicting events. Mrs. Rice will arrange the entire program and those who attend are promised a very enjoyable evening.

A silver offering will be taken, the proceeds to be used to pay for the electric light fixtures for the Presbyterian manse.

## APPARATUS TO COMBAT FIRES NOW ASSURED

Tustin C. of C. Told \$1500  
Has Been Raised For  
Protection

At the meeting of the Chamber of Commerce Wednesday night the committee on fire protection reported that a sufficient amount had been subscribed to purchase a \$1500 fire apparatus. At the previous meeting \$500 was reported raised, but it was decided to try for a larger amount and within the month \$1000 additional has been subscribed. The committee was instructed to go ahead and purchase the \$1500 equipment and make arrangements to have it kept in the garage at Third and C streets.

Investigations have been made since the last meeting about having a telephone exchange at Tustin and Mr. Morrow of the Pacific Telephone & Telegraph Company came out Wednesday night to explain the situation to the members of the Chamber of Commerce. The chairman of the committee, S. E. Tingley, was called off and Mr. Morrow decided to wait for his return.

During the interval H. W. Smith for the committee on street signs made a report of a new plan for utilizing the telephone poles for street signs. After discussion, this plan was rejected and it was finally fully decided to appropriate \$50 of the funds now in the treasury to purchase new metal posts on the three principal streets—First, Main and D. The beginning and ending of these signs is left to the discretion of the committee. The old signs are to be utilized on the other streets where needed.

A. E. Bennett explained progress made with the ditch company regarding water ditches which will be piped in Tustin in the near future. Supervisor Leck said this brought up a matter of much interest all over the county which would have to be threshed out by the supervisors. It involves the question as to whether pipelines and stand-pipes shall be in the streets or inside the property owner's lines, and the matter was discussed at length. Motion carried that Mr. Bennett request the ditch company to place their pipe lines on the streets just outside the curb lines on

streets sixty feet wide or more where practicable.

The committee on street lights was instructed to draw up a formal petition to have twelve lights added in Tustin with the surplus now in the county treasury for that purpose.

Mr. Morrow explained that using spurs on the trees in Tustin had been a mistake and said that the company never plans to trim trees without the consent of the property owners. Mr. Tingley, chairman of the committee, having returned, Mr. Morrow took up the matter of a telephone exchange in Tustin. He explained at length the probable changes which are likely to occur in the rules and regulations of the telephone company and also spoke of the expense of putting in the new arrangement and rather advised deferring the matter. Motion was made to table the matter on the table, but this was overruled and the committee was continued for further investigation.

#### NAMES FOR TUSTIN HOMES

Tustin is a district of country places, and more beautiful ones cannot be found anywhere. Each of them a home and business combined, what more important or pleasant task than that of giving such a habitation a suitable name.

Those who would like hints on the subject may be interested in the following from "Country Life in America":

"Among the many delightful problems attendant upon the ownership of a country place, none is more intimate or personal than that of choosing the name for the place. It claims its share of consideration in the planning and scheming to turn a bare possession into a home. The significance of the name, its appearance when printed or written, and its sound when spoken must all meet our demands.

"We wish the name to hold a suggestion of the particular sentiment which we feel for the place, and to express our conception of the character and qualities which our establishment is to present to the world. Something of our own personality is in the name that truly pleases us, and now that a number of the states have laws providing for the registry of farm names, thus conferring a sort of ownership to the one selected, an added zest and interest is taken in choosing with care.

With some dominant physical characteristic of the place as an initial idea in the name, many combinations readily suggest themselves.

## Do You Feel Headachy? Look to Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way Rowley Drug Co., the popular druggists, are selling Mi-o-na, the standard dyspepsia remedy.

Never before have we had so large a number of customers tell us that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to us in guaranteeing to return the money if the medicine does not relieve. And we stand ready to do so without any questions. Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.

These days are the best in the whole year for the enjoyment of good health, and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.—Advertisement.

## MALTED MILK AND CORNSTARCH

Two Valuable Food Products  
Combined With Pleasing  
Results

There are two food products in general use today, which, if better understood, would be kept on hand constantly in every household; namely, Malted Milk and Cornstarch. Each of these is palatable, easily assimilated, and very nourishing—while each can quickly be prepared for the table in a great variety of ways.

They can be combined with most excellent results in a most appetizing dessert known as Malted Milk Cornstarch, which is made as follows:

Mix together in enough water to form a paste, two heaping tablespoons of good Malted Milk, with three cups and a half of water and cook in a double boiler until it thickens. Sweeten to taste, flavor with vanilla, cool in moulds or cups.

We say a good Malted Milk advisedly, because satisfactory results cannot be expected with inferior kinds. It is interesting in this connection to note that "The Grand Prize" at the San Francisco exposition was awarded to the brand known as "Borden's Malted Milk In The Square Package."

Insist then upon Borden's—which can be obtained at all good druggists.—Advertisement.

## Why J. H. Hall of Nebraska located in Pahvant Valley

Western Securities Co.,  
711 Hollingsworth Bldg., Los Angeles, Calif.

Gentlemen:

My brother and myself are farming 160 acres of land in Pahvant Valley. We came here three years ago. We have farmed all our lives, part of the time in Nebraska. We have 60 acres in alfalfa, and are breeding thoroughbred Poland China hogs. I believe that this is the finest hog section in the West. We are not troubled with hog diseases, cholera, etc., and we have a dry climate, the purest water and cheap feed. We have a flowing artesian well that flows five gallons per minute.

I believe this is the greatest sugar beet country in the West. There is positively no comparison between this section and the Middle West country. I consider land here twice as valuable from a productive standpoint as any land in the Middle West. I have farmed in the well-known Bear Valley, famed for its fruit, but I greatly prefer this Delta country in point of making money. I want to recommend this land to all looking for cheap land, abundant irrigation water, deep, rich soil, high elevation, dry climate and pure drinking water.

(Signed) JAMES H. HALL.

State of Utah, County of Millard, ss.

Subscribed and sworn to before me this 22nd day of December, 1914. A. M. McPherson, Notary Public. My commission expires November 9, 1918.

Pahvant Valley is on the main line of the Salt Lake Railroad in Southwestern Utah—under \$1,000,000 irrigation system. Estimated annual cost of maintenance from 40 to 50 cents per acre

Mr. Hall knows the farming business from A to Z. He is an authority on soil, water and climatic conditions. Go up and meet this man and scores of others who have made good in this valley of opportunity. Prepare to go now and see land that actually sells itself—land under a \$1,000,000 gravity—a perpetual water right appurtenant to the land for all time to come—a water system built under contract with the State of Utah—and the price at which water rights are sold is limited by the State. ## SHOULDERS ARE SOLD AS HAMS BY PEDDLERS

County Sealer McPhee Warns Housewives to Be On the Lookout For Them

The gay and festive itinerant purveyor of "sugar-cured" hams, the self-appointed philanthropist who comes to help out the harassed housewife in solving the high cost of living problem, is with us once again. In fact, he's with us twice again, for there are two of him on the road in this county, according to a report received by County Sealer George McPhee yesterday afternoon from the neighborhood of Tustin, where two men were said to be calling on residents of that locality and offering to sell "sugar-cured" hams, alleging that the hogs from which the meat was made were of the old-fashioned, home-grown, corn-fed variety. A further inducement to purchase was that the "hams" were only eighteen cents a pound, as against twenty-five cents charged for a less desirable article by the grocers and meat markets.

The telephone message reached McPhee late in the afternoon and he at once started an investigation, but the birds had flown before he arrived at the scene of action, although he found where one so-called ham had been sold and McPhee was able to convince the purchaser that he had acquired just a common or garden shoulder piece, such as can be bought at any local meat market or grocery for twelve and one-half cents a pound.

The game is an ancient one and had been played here more or less successfully for years until a year ago Sealer McPhee rounded up three of these smooth-tongued swindlers and haled them into court, where they were found guilty of selling short-weight

hams, and each was fined \$30. Later Sealer McPhee caught another "sugar-cured" ham artist and this one was fined \$15, and since then there has been a marked cessation of activity in this particular line of endeavor, the arrival of the pair reported to have been in the vicinity of Tustin yesterday being the first heard of ham peddlers here for many months.

"These swindlers work a double steal on their victims," said McPhee, "for not only do they sell shoulders for hams, but they short-weight their customers in every case, in many instances using scales that have been fixed for the purpose so that they show from fifteen to twenty-five per cent more weight than there really is, thus affording an enormous profit."

Sealer McPhee says this is about the time to expect a visit from these gentry and he strongly advises housewives all over the county to have a sharp lookout for them and to telephone him at Pacific 144, Santa Ana, whenever one of these itinerant vendors appears, and McPhee will do the rest.

## THE AUTO STAGE STANDARDIZED

Local Men Glad They Were Forced Off the Street By City Ordinance

If there are any who question the fact that the auto stage is a permanent institution, operating on a thoroughly systematized business basis, they have only to tarry for a few moments around the depot of one of the auto stage lines operating out of Santa Ana, and all doubts will be dispelled.

Since the edict went forth from the city dais that in future auto stage lines and city jitneys would not be allowed to stand on the streets, there has been a marked improvement in the business all along the line. In fact, the owners of at least one of the auto stages themselves admit that the ordinance barring them from the streets was the best thing that could have happened. As a direct result of this law those who have continued in the business have provided themselves with centrally located waiting rooms where passengers may step into any car they wish to take without going into the street.

Take, for instance, the Crown stage line, whose office and waiting room is at 505 North Main street. This company now has in operation twenty cars. They make regular half-hour trips to Anaheim and Fullerton on an absolutely dependable schedule. They also have a 15-minute schedule to Orange, and make hourly trips to Newport Beach and Balboa. This company alone carries a daily average of over 500 passengers and their

cars total a daily mileage of about 3000 miles. Each car is in operation an average of fifteen hours out of every twenty-four.

And it is a safe means of travel, too, for notwithstanding the big volume of business and the great mileage, this line has not had a single passenger injured during the past nine months.

The Crown stage line carries \$200,000 in indemnity bonds for the protection of its passengers, as required by law, which provides that each car must have a \$10,000 indemnity bond before it is allowed to carry passengers.

The Crown stage line has taken two small business rooms, 503 and 505 North Main street, one of which has been converted into a waiting room and the other into a driveway through which the cars pass and where they stop to take on passengers. During the busy hours of the day there is almost a continuous stream of cars passing through the station. The company maintains its own garage and repair shop, and every car passes a rigid daily inspection by a trained mechanic.

"We would not go back into the streets if we were asked to do so," said E. L. Deacon, who, with his associate, A. B. Watson, manages the Crown line. Putting us off the streets and requiring an indemnity bond has done a lot for the auto stage business. Irresponsible passenger-carrying car owners have been eliminated, and those who continue in the game naturally take more pains to serve the public efficiently and with safety."

## MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother. If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Advertisement.

## ROOT—PROGRESSIVE?

There are Progressives and progressives—both the big P's and the little p's—to whom the name of Elihu Root is anathema. And yet stranger things have come to pass than that Elihu Root should be elected President of the United States by the votes of the Progressives and the progressives.

No handwriting on the wall was ever plainer than the sentence now emblazoned on the political firmament, to wit: that by Progressive and progressive votes only can the Republican presidential candidate be elected next year; and that Progressive and progressive votes can be had for a Republican candidate only if that candidate be at least free from the taint of obnoxious standpatism.

Does Elihu Root meet that requirement? Many will answer yes; many will answer no.

It was Elihu Root who presided over the infamous Chicago convention in 1912, and he was a chief factor in consummating the outrage of that convention. It was the same Elihu Root who recently made that remarkably able and strikingly liberal (Progressive, if you please) speech before the New York Constitutional Convention.

In which attitude did the real Elihu Root appear? A great many of the ablest and most fair-minded men in the country, including in their number men of all parties, are firm in the conviction that Root's attitude in the New York Constitutional Convention, and his attitude throughout his life, is the true index to his character; and that he should not be judged by his ostensible record in the Chicago convention, which is either misconstrued by his adverse critics or is simply a mistake on his part.

There is a remarkably able article in the November thirteenth number of Collier's, in which this view is supported. The writer is Frederick M. Davenport, who was the Progressive Party candidate for Governor of New York in 1914. Preceding the break between the two parties, in the administration of Governor Hughes, Davenport was a Republican New York State Senator. He is professor of law and politics in Hamilton College, at Clinton, N. Y., where Elihu Root was born.

In his article Mr. Davenport presents abundant evidence from Mr. Root's public addresses and official acts, throughout his entire career, in support of Davenport's characterization of Root as "a wise and cautious liberal." Mr. Davenport says:

Viewed broadly, the political ideas of Elihu Root are the observations and reflections of a man imbued, in the modern spirit, with the philosophy of Alexander Hamilton and Hamilton's notion of the great value of sound organization and economic prosperity in the nation. They are the ideas of a man who knows his countrymen and would warn them against their own weaknesses, while maintaining confidence in their virtues and their ultimate capacity for a high degree of self-government in both national and international affairs. It is not a reactionary philosophy. And it is a very marked advance upon Hamiltonian federalism. If you are going to classify Elihu Root according to his ideas, you must classify him as a wise and cautious liberal.

Senator," Mr. Davenport discusses Root's attitude in the 1912 Chicago convention, saying in part:

Until history gets a hearing, and personal prejudices and predilections no longer hold sway over the minds of men now living in the United States, there will be a wide divergence of sentiment in this country about the convention methods of 1912. President Taft's former Attorney General standing the other day in the Constitutional Convention of New York openly and in a most unregenerate fashion complimented William Barnes upon his part in the famous party tragedy as if Barnes were at that time one of the moral saviors of his country. There are millions in the United States who hold a contrary opinion. I happen to be one of the millions. I thought then and I think now that it was a mistake of Moses even to be chairman of that outfit while the program was being put through.

But in the long range of political strategy it may be overruled for good if Barnes and his kind in the invisible government put one over on Elihu Root in that convention, Elihu Root certainly put one over on Barnes and his kind in the presence of the whole country when he stood the other day in the Constitutional Convention of his state and crowned the progressive movement of a generation with a speech that will be remembered as long as free government endures in the United States.

You cannot hurry Elihu Root. His philosophy, the temper of his mind, his way of doing things, make it necessary that he bide his time. In 1912 he was not ready to strike a telling blow at the invisible government of the country. No doubt loyalty to the presidential group with whom he had been working in preparation for the National Convention constrained him. No doubt also he was sincerely apprehensive, too apprehensive, about what he regarded as the dangerous drift of the whole progressive movement away from representative government. There is small place for the devices of the initiative, referendum and recall in the political theory of Elihu Root.

But these are no reasons, and a mistake of action is no reason, for questioning underlying motive or ultimate patriotic purpose. The people of the United States will remember, long after they forget any alleged mistake of Theodore Roosevelt's, his marvelous pioneer service in many ways, but particularly in disclosing, in the face of derision and temporary defeat, the enslavement of his country to an extraconstitutional political system as degrading as that of the government of tyrants in the Middle Ages. And they will remember, long after they forget any alleged mistake of Elihu Root's, the more cautious and deliberate, but extraordinarily powerful and patriotic service through the long range of an almost unparalleled career in American statesmanship.

Personal error and party friction of the passing day melt away in the light of history. It is the great ruling tendencies of men that count in the judgments of mankind.

May it not be possible that Mr. Davenport is right; that the machine politicians "put one over on the Senator," or that, in his far-seeing statesmanship, Root was biding his time?

At all events, one thing seems certain—that the Chicago convention of 1912 will ultimately result in killing or curing the Republican party. At present the signs point to a cure. Literally hundreds of thousands of Republicans—a vast majority of the membership of the party—have become genuinely progressive in their tendencies, sincere supporters of progressive principles. More and more the leaders of the party are being converted to the true political religion of progressivism. And last but not least, those who have not been converted have had the fear of the people—of true national democracy—thrown into their hearts.

## Harmony In Life

We were watching a man who had been called in to tune our piano. It was more interesting than pleasant, there were awful discords, he harped on each string until he brought it up to concert pitch, added to which was his complaining voice.

Why did you wait so long before having it tuned? The heat, the dampness, all have affected it. Even the ivory keys are beginning to turn yellow because it has been kept shut so long.

All of which were facts; we had neglected that piano. But it was not beyond repair. It was not too late. Fortunately we had taken it in time. The music was still in those keys, waiting to be brought forth. So we waited while he screwed up string by string, holding our breath at times, for fear they would not stand the tension, dreading they might snap under the strain.

What a blessing it would be if some master hand could take hold of some of our lives that are full of discord, and tune them up. For lack of attention they are very much out of tune. It may be there are only two or three strings that are not tuned—that have put all the rest out of tune. Or may be strung so tight with nerves, and worry over anxiety, that there is no sweetness left in the tone.

It's our own fault if we are not getting the full harmony out of life. Perhaps the high notes have been played on too constantly, with the thoughtless gaiety of life, mere selfish seeking for one's own amusement. The bass notes may have been entirely neglected.

ed; the life of self surrender, of self mastery, the enlarging and enriching of every faculty and sympathy. Perhaps there has been no deep ambition, strong purpose, or worthy deed that has brought out our best self. The minor, petty things of life may have kept us from seeing how much we are in need of a tuning.

We cannot play out the theme of life which has been given to each of us as a birth right, if all our forces, our opportunities, our talents, our duties to those around us are not attuned to life. Whether we know it or not, it all depends on how we keep everything up to concert pitch that shapes our conditions, our circumstances in every day life. Few of us ever reflect on this fact, realizing only that there is discord. We are like the child who listening to an orchestra tuning up asked, "Why don't they begin to play?" "It is because they are not ready yet, they are not in tune, or up to concert pitch," replied the mother.

It may be some of us are in the midst of the tuning up process. It is not pleasant. Perhaps they are tightening one string until we feel we must cry out that it cannot stand any more strain. We long for the beginning of the concert. When, however, the harmony comes, we will forget we ever were out of tune.

TRADE HORSES WITH-  
OUT GETTING CONSENT  
OF OWNER OF EITHER

Harper's Nag and Deamudd's  
Buggy Are Gone, Where  
Is Not Known

A new-fangled horse trade was pulled off last night near the intermediate school. The details of just why and how it was done must be left to the imagination, for those concerned in the trade are not at hand to be questioned. The owners of the horses were not in on the trade. It occurred while J. C. Harper and W. H. Deamudd were at the United Presbyterian church. When these two men came out after the meeting, Harper found that his horse and buggy were gone. Deamudd discovered a similar loss.

Later Harper's buggy and Deamudd's horse were found near the school house on North Main. The two rigs were evidently driven to that point, and there Harper's horse, which was the younger and fleetest of the two, was transferred to Deamudd's buggy, which looked better to the thieves than did Harper's.

## FOR MISS ROPER

### Blue Birds For Happiness Key Note Pretty Dinner At Baker Home

Mrs. Cecil Dubois and Miss Marvel Baker entertained at a delightful five-course dinner last evening at the home of their parents, Mr. and Mrs. E. S. Baker on Spurgeon street, honoring Miss Ethel Roper, who will become the bride of Carl Sinke on November 30.

A blue bird note sang throughout all the lovely appointments, the blue shade blending prettily with yellow. A basket filled with yellow chrysanthemums, the handle tied with blue tulle, occupied the center of the table, the candle shades were in the blue tint and birds flew upon the yellow nut baskets, while flying birds were seen upon the charming place cards.

The blue bird tints were carried throughout the delicious menu, the mints and ices being particularly admired.

The evening hours were enjoyably spent with social conversation. Among the guests were: Misses Hayes Fleming, Katherine Lutz, Vera Peterson, Lena Thomas, Ethel Roper, Bernice Roper, Shirley Thomas of Los Angeles; Mmes. Erwin Barnes, Anaheim; Lydia Gardner, of Los Angeles; Hugh Plumb, Roy Peterson, Victor Hawk, Marshall Northcross, Edward Nelson and Rex Kennedy of San Jacinto.

The regular meeting of the Young Ladies Travelers was held on Wednesday afternoon last with Miss Fannie Smart at her home on North Main street.

"A Motor Trip Through England, France and Germany," is the title of a book which the class has begun to read. The class also voted to assist the Day Nursery committee in serving the Founders' day luncheon.

## ABOUT OLD ERIN

### Sixth Household Economics Class Met Yesterday With Miss Cubbon

"Beautiful Ireland" was the interesting subject chosen by the Sixth Section, Household Economics class for yesterday's meeting, held at the home of Miss Catherine Cubbon on French street with about thirty members present.

In honor of old Erin, the decorations were all in green and consisted of ferns and potted plants. The committee in charge was composed of Mmes. S. M. Davis, J. E. Gowen, A. J. Crookshank, Lea Warren, A. M. Gardner, Misses Catherine Cubbon and Lida Crookshank.

The ladies were all in the costumes of Ireland and gave their guests a hearty greeting at the door.

Response to roll call was composed of Irish stories and quotations and Mrs. Gowen gave a talk on Ireland, presenting each of her hearers with a miniature map of the old country, with which to follow her, curious and souvenirs were also displayed.

During the afternoon Miss Cubbon played appropriate selections on the victrola at the conclusion of the program, delicious refreshments of sherry, rock sandwiches, a "literary" salad, tea and green mints were served.

## Pleasant Philathea Meeting

The Philathea Class of the First Presbyterian Church held a regular meeting in its class room Thursday evening. Six o'clock found twenty-two hungry members waiting to be invited from whence came various most appetizing orders. As soon as the invitation was heard, what followed resembled "The Call of the Wild."

The social committee, which had planned the lovely surprise, had only to glance around the table at the happy faces to see the appreciation shown there in the way each one did justice to the excellent dinner of meat loaf, cranberry jelly, browned potatoes, hot rolls, tea, tomato salad and chocolate nut parfait.

The table was beautifully decorated with fern and an artistic centerpiece of heliotrope and yellow nasturtiums. To make the affair a complete success a concealed orchestra furnished delightful music during the dinner hour. A very animated business meeting followed, while the quieter ones found time to stitch a while on Christmas fancy work. Many donations were made for the annual Thanksgiving box, which promises to be a big one.

Some interesting plans for a Christmas party were discussed which will be disclosed later. With many hearty cheers to Miss Zelma Sturgeon and her very capable social committee for such an enjoyable evening, the meeting was adjourned.

## Thanksgiving Social

The Christian Endeavor of the First Presbyterian Church held a very jolly Thanksgiving social in the basement of the church last evening. The large room had been transformed into a veritable cornfield, corn stalks and sunflowers being cleverly utilized to bring about the desired effect.

Progressive anagrams furnished interesting diversion and later the small tables were used for the service of delectable refreshments of pumpkin pie, apples and fruit punch. Partners were obtained by matching parts of turkeys.

Miss Kate Kelly won the prize, a cute little turkey, in the games.

## From Snow to Sunshine

Mr. and Mrs. H. W. Thomas of Lime Springs, Iowa, arrived here this morning to spend the winter with their son, Judge W. H. Thomas and family.

Judge Thomas motored to Fullerton to meet the travelers, who were almost speechless with delight when they arrived in sunny Southern California, having left four inches of snow and zero weather in Iowa. Mrs. Thomas had not left the train since she boarded it at Lime Springs.

## The Priscilla Club

Mrs. W. T. Kerwin of North Van Ness avenue was the hostess yesterday afternoon to the members of this merry little club, her home being prettily decorated with lovely chrysanthemums grown in her own garden. Pink and white composed the color scheme in the living room and in the dining room the table was centered with a brown basket filled with yellow and bronze blooms.

The feature of the afternoon was a surprise birthday shower for Mrs. Rudolph Grenke, whose anniversary comes next Tuesday. She received a number of dainty and appreciated articles, brought to the door by a messenger.

The afternoon was given over to the exchange of ideas about Christmas giving and a report of the Southern District Federation was given by Mrs. C. F. Crose.

The decorations were of a holiday nature, a profusion of holly being used and a genuine surprise was in store for the members when an elaborate Christmas dinner was served.

Three new members were welcomed into the ranks.

MINISTER HOME  
FROM MEETING  
IN THE EASTRev. J. A. Stevenson Attend-  
ed Sessions of Church's Ex-  
ecutive Commission

After experiencing fifty-seven varieties of weather, after learning a good deal of business conditions in the East, Rev. J. A. Stevenson, pastor of the First Presbyterian church, has returned home from a two-weeks' trip that took him to Pittsburg, Atlantic City, New Orleans and other eastern cities.

Rev. Stevenson went east to attend the two-days' session of the executive commission of the Presbyterian Church of America, to which commission he was recently appointed. The Santa Ana pastor, who was honored with this appointment, found the commission made up largely of prominent business men, including Crowell, the Quaker Oats man; Follansbee, the tin plate king of Pittsburg, a former elder under Rev. Stevenson in Pittsburg; Massey, former chief counsel of the Pennsylvania railroad, and Yearrance, a New York financier.

"I found men everywhere pleased with the outlook for better times," said Rev. Stevenson today. "At Pittsburg I learned that the coal mines are all working, and that the output is so great that it is difficult to keep cars enough on hand to handle the business. The steel mills are running to their full capacity."

In New Orleans, the Santa Ana found many evidences of the recent storms. The streets are full of debris. The people of New Orleans are wasting no time in rebuilding fallen structures. They are pulling the debris and waste timbers out and piling them in the street, going ahead with reconstruction without waiting to clear up the streets.

At New Orleans he experienced a drop of 42 degrees in temperature in three hours. In Arizona he was in a snowstorm, and he returned to California, finding perfect weather.

"I had all the weather experiences I need for awhile," said Rev. Stevenson, who spent one Sunday with his mother, and preached a sermon at his old church.

## GRAND JURY MEETING

The grand jury will meet in regular session at the court house next Monday morning at 9 o'clock, when any complaints will be heard.

## NEW UNION OIL MAN

A. H. Paterson succeeds V. T. Hawk as representative of the Union Oil Company in Santa Ana territory. Hawk has resigned to go into business for himself. Paterson comes from Redwood City, where for the last three years he has been in charge of sales for the company. Previous to that time he was stationed at the Union Oil Company's refinery at Oleum, Cal., and the knowledge acquired there makes him a valuable acquisition to the sales force.

THE NEXT BEST THING TO THE PINE FOREST FOR COLDS IS—Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from the clogged and stuffed feeling. Remember that a cold broken at the start greatly removes the possibility of complications.

NOW IS A GOOD TIME  
TO PAY YOUR TAXES

\* The first installment of county and Santa Ana city taxes, payable together, will go delinquent on the evening of December 6.

\* That is two weeks from next Monday. Next week will be an excellent time to pay taxes, for the week following is likely to find a great rush at the office of Tax Collector J. C. Lamb. While taxes have been coming in better than usual, still there is to be the inevitable crush the last day or two.

\* Those who come here the last week should have their checks written out when they come, or should have the exact change.

\* said Lamb. "There will be a crowd here, and we will wait up on all of the people, but those who come ready to pay, those who have their tax bills with them, will be able to get away with the least inconvenience. The easiest way to pay taxes is to send a check and the tax bill by mail."

\* "However, those who wait until the last day or two to mail their tax money should keep in mind that they take chances on delays in the mails. The payment must be made to us in our office by the night of December 6. Also those who mail late are not likely to get their receipts for two weeks. Taxpayers who have not paid should pay at once, not wait."

LOCAL TEAMS  
LOSE DEBATES

The first debate of the season under the auspices of the Southwestern Debating League, was held last evening at Intermediate school, with a fairly good sized crowd of local and Pasadena people present. The local speakers lost 2 to 1.

The question, debated simultaneously by the ten schools in the League, was, "Resolved, that the United States Should Adopt the Policy of Subsidizing Its Merchant Marine Engaged in Foreign Trade."

Calvin Lauderbach and Perry Thomas represented the affirmative side of the question against Pasadena.

The high school band was present to give entertaining music and the rooters were out in force with yells and songs.

One judge was from Pomona, one from Los Angeles and the other from Santa Monica.

The other debate was with Lincoln high school, Los Angeles, Santa Ana being represented by Donald Stevenson and Waldo Tournat. They were also defeated 2 to 1. Coach Deaver accompanied the speakers.

## AMUSEMENTS

## West End Theater

On Monday and Tuesday the offering at the West End Theater will be Mary Pickford in her latest screen success entitled "A Girl of Yesterday."

Glenn Martin, the Santa Ana aviator, will also be seen for the first time in moving pictures in this production with Mary Pickford.

Tomorrow, Blanche Sweet will appear in "The Warrens of Virginia," while tonight will be your last opportunity of seeing Donald Brian in "The Voice in the Fog."

## At Clune's

"Laughter holding both his sides" will be in evidence at Clune's next Monday in the showing of the Raymond Hitchcock farce entitled "My Valet."

This is the first of the new Semet-Keystone comedies under the Triangle aegis. The countless admirers of Keystone comedies will be glad to know that the funny Keystone characters and plots live again to increase the world's gaiety, with Semet, Normand, Arbuckle, Mace, Murray, Moran, Busch, Booker and Ford Sterling featured as before.

"My Valet," the first of the new series, is the story of a rich bachelor affianced to a girl he has never met. Raymond Hitchcock, star of innumerable stage comedies and one of the country's favorite entertainers, will be in the role of the gay bachelor.

While pianist Mabel Normand is cast as the unknown fiancée, Director Semet assumes the title role, that of the blundering, stupid valet, and Fred Mace does a French count of ematory proclivities. Frank Opperman and Alice Davenport are the girl's parents.

"My Valet" has delighted the largest and most fashionable assemblages in New York, Chicago and Philadelphia. It will make anybody laugh that isn't modeled on the lines of the Egyptian sphinx. Manager McKinney of Clune's, who has witnessed thousands of screen comedies, recommends it as the best of all cures for the blues.

SPECIAL FIRE DRILL FOR GIRLS IS URGED

DENVER, Nov. 20.—"We build our jails of steel and concrete, our schools of wood and mortar," said Fire Chief Healy today. There should be a fire drill in every school at least once a week with every exit and possible fire escape used. The timid, especially the girls, must be specially instructed.

That is what is said about this ready roofing by those who use it, because it is practically indestructible. It makes any building immune against every enemy that can attack a roof.

J-M ASBESTOS ROOFING

is a combination of the famous Asbestos (rock) fiber and the great weatherproof, Trinidad Lake Asphalt. Fire, time or weather cannot affect it.

It will stand for any length of time fire tests that would destroy in a few minutes any of the so-called fire resisting roofings.

J-M Asbestos Roofing never requires painting, graveling or repainting.

It saves money and worry from the day it is laid.

## SEAL BEACH IS PASSING TABLE LIQUOR LAW

No Bar, No Sales In Bottles or Flasks Are to Be Allowed By New City

The city trustees of Seal Beach are passing an ordinance that will allow the issuance of table liquor licenses in the newly incorporated beach city at the northwest corner of Orange county.

The ordinance has already been given first reading, and will come up for final passage next Thursday night. As the ordinance now reads, the city trustees will be empowered to grant licenses to sell liquor in dining rooms only. The ordinance specifies that there shall be no bars, and liquor shall not be sold in flasks, bottles or at wholesale. Under the ordinance as proposed, and as it undoubtedly will be made into law, sales of liquor can be made only at the tables of the dining room authorized by license to sell liquor.

A person taking out a license must give a bond of \$1000. The city trustees may refuse any and all applications. The trustees shall have absolute control over the giving and taking away of licenses, with authority to make a fixed investment as a condition to the granting of the license. At the meeting of the Seal Beach city trustees Thursday night of this week there were about fifteen prospective applicants for table licenses on hand.

ley and O. C. Swift in the action brought against them as sureties of the Crandall Construction Co.

A. N. Zerman is plaintiff in the case, suing for \$915.40 for himself and for \$329 for S. R. Smook. Zerman's bill was for alfalfa, coal, grease, salt, grain and bran furnished to Crandall while his teams were engaged in constructing a section of the Talbert paved road for the county. Smook's bill was for teams rented. The Crandall Construction Co. failing to pay the bills, suit was brought against the bondsmen.

Answering the complaint, the defendants allege that articles listed in Zerman's bill are not used in construction, and for that reason cannot be made cause for the filing of a mechanic's lien and are not included in the things for which bondsmen can be held responsible. Denial is made that Smook's teams were used upon the contract covered in the Finley-Swift bond.

## DEPUTIES HAVE STRUGGLE WITH AN INSANE MAN

Felix Vogel Making For Gun and Razors When John Iman Grabbed Him

Insane with drink, Felix Vogel was conquered last night only after a violent struggle between him and Deputy Sheriffs John Iman and A. K. Cravath.

The battle occurred at Vogel's home at El Toro. The officers went to the place in response to a call from a neighbor, who telephoned that Vogel was in a violent mood and might harm some member of his family.

When Iman and Cravath were in the house, Vogel said that they would never take him to jail. He made a break toward a corner where there was a gun and two razors. Iman grabbed the man, and a struggle ensued. When Cravath tried to slip handcuffs on the man's wrists, Vogel grabbed them and in the fight damaged the handcuffs so badly that they could not be operated. Finally Iman's handcuffs were put in place, and Vogel quieted down.
